

## **The Conservative Scoliosis Treatment**

1st SOSORT Instructional Course Lectures Book

Volume 135 Studies in Health Technology and Informatics

Editor: T.B. Grivas

March 2008, 440 pp., hardcover

ISBN: 978-1-58603-842-7

Price: US\$196 / €140 / £98

This is the first of a series of Instructional Course Lectures (ICL) Books of the International Society On Scoliosis Orthopaedic and Rehabilitation Treatment (SOSORT). In the contents of this book the reader can find the SOSORT Statutes and become familiar with the aims of the creation of this society. This will hopefully be the initiation of a series of books on conservative scoliosis treatment and a valuable library for SOSORT. The philosophy of the commencement of such ICL book series is the achievements of an ultimate aim, the improvement of early detection and non operative treatment of the patient care pathway for scoliosis.

For this endeavor, a number of eminent clinicians and scientists around the world, who are devoted and high-quality students of scoliosis, are involved and contributing with their fabulous work. There is no doubt that this book is not able to cover every aspect on the issue. However the future volumes of this series of books will continuously complete the latest relevant knowledge. In this volume there are chapters reporting on various aspects of the current state of the following topics: IS aetiology, recent trends on scoliosis research, genetics, prevention - school screening, various methods of physiotherapy, various types of braces, the inclusion criteria for conservative treatment, together with the SOSORT guidelines for conservative treatment, clinical evaluation and classification, study of the surface after brace application and outcomes for each brace.

## **Contents:**

**Aetiology**

**Recent Trends on Scoliosis Research**

**Genetics**

**Prevention – School Screening**

**Clinical Evaluation and Classification**

**Inclusion Criteria**

**Various Methods of Physiotherapy**

**Braces**

**Study of the Surface After Brace Application**

**Brace Treatment Outcomes**
