About IOS Press

For over 25 years IOS Press has been serving the scientific community worldwide. IOS Press publishes approximately 80 new books each year and around 100 international journals, covering topics ranging from computer science and mathematics to medicine and the natural sciences. Many titles are listed in the most important abstracting databases, such as Thomson Reuters, MEDLINE and Scopus.

Headquartered in Amsterdam with satellite offices in the USA, Germany, India and China, IOS Press has established several strategic co-publishing initiatives. Notable acquisitions included Delft University Press in 2005 and Millpress Science Publishers in 2008.
