ABOUT IOS PRESS

IOS Press serves the information needs of scientific and medical communities worldwide. IOS Press publishes more than 75 international journals and approximately 75 book titles each year on subjects ranging from computer sciences and mathematics to medicine and natural sciences.

Headquartered in Amsterdam with satellite offices in the USA, Germany and China, IOS Press continues its rapid growth, embracing new technologies for the timely dissemination of information.

All journals are available in print and electronic format.

IOS Press Ejournals Program

Access to over 75 academic peer-reviewed research journals in subjects like health & life sciences (neurology, cancer, rehabilitation), computer sciences (including AI) and social sciences

- Access to over 80,000 articles; this number is constantly growing
- Ejournals available to library consortia and individual institutions as well as multi-site and global licensing collections for corporations
- Library-friendly and flexible licensing terms
- Discounted prices for the entire collection or packages (for example, health & life sciences and computer sciences packages)
- Backfiles available for free with purchase of collection (including future digitized back content)
- Perpetual access – IOS Press has a back-up archiving agreement with the Royal Dutch Library
- No embargo on new titles

Information professionals and end users benefit from search functionality, linking capabilities and admin tools:

- Tables of contents and abstracts viewable at no charge
- Personalization features such as favorites and alerting
- Powerful admin tools
- OpenURL-compliant for seamless linking to library-held resources
- COUNTER-compliant for generating usage statistics
